

TRNT BOARD POLICY NO: 016

Date Introduced: 16 December 2006

Date Varied: 29 April 2010

WHEN TO ABANDON A RACE

- a. In races where there are 4 or less nominations at the advertised closing time for nominations (or extended nominations), the TRNT will determine if the race should be deleted. Given the often tight timeframes involved, this decision will be left to the Chief Executive in consultation with the Chairman.
- b. Any Horse nominated for an abandoned race may have that nomination transferred to another race on the program for which it is still eligible without paying an additional fee. If the connections do not wish to transfer the nomination to another race there will be no nomination fee charged for the abandoned race.
