- Should the number of horses engaged still exceed the safety limit, elimination will be in order of horse/s handicapped above the minimum with the lowest weight and so on.
- When two or more horses are handicapped above the minimum, and at the same weight, elimination shall be according to age, oldest first, and in the case of horses weighted above the minimum with the same weight and of the same age, elimination shall be by lot.
- If any horse/s wins a race/s after the declaration of weights the Handicapper may promote such horse/s in the elimination order instead of imposing additional weight by way of penalty.
- Provided that the Committee may in its absolute discretion eliminate any horse/s from the race and/or exclude any horse/s from the operation of the preceding balloting conditions, irrespective of the handicap weight or age of the horse/s concerned.

Horses with an equal number of such starts shall be eliminated according to age, oldest first, and in the case of horses of the same age elimination shall be by lot

(c) In the case of horses which have received the same amount of prize money, ballot shall be by lot.

(d) Provided that in applying these conditions, no accounts shall be taken of the TROBIS bonuses or any other bonuses. (1st December 2007)
