TRAINERS

DOES YOUR WORKPLACE HAVE THE NECESSARY INJURY INSURANCE PROTECTION?

Following news that several local trainers sustained serious injury recently whilst carrying on their training activities, it is perhaps timely to remind trainers of their legal obligations, and the various other insurance options that are available, to protect their workers, family members who work in their business and of course, the Trainers themselves.

Worker's Compensation - your Legal Responsibility

It is a prescribed responsibility i.e.: embodied in legislation, in the Northern Territory that every business that employs or hires Workers on a full-time, part-time or casual basis, under an oral or written contract of service or apprenticeship, must effect worker's compensation insurance with a local, licensed insurer.

Definition of a Worker

For the purposes of this insurance, a Worker is:

- a natural person who performs work or a service of any kind for another person under a contract, receives remuneration and is, in relation to the contract, an employee for the purpose of assessment for PAYG withholding under the 'Taxation Administration Act 1953 (Cth)', Schedule 1, Parts 2-5, even if the employer is not withholding tax when they should be. Workers who typically fall into this category for a Trainer include stable hands, foremen & track riders.
- this definition does not extend to individuals who provide a service using their own tools of trade, and rectify any defects at their own expense. Veterinarians and farriers are common examples of independent contractors who fall into this category

An on-line tool is available on the ATO website to assist Trainers to determine if their Worker/s fit within the definition. If the business engages and pays Workers, it is recommended you visit www.ato.gov.au/Calculators-and-tools/Employee-or-contractor/

Certain Workers Covered Under Specific Circumstances

- Trainers can qualify for inclusion under a worker's compensation policy in limited circumstances only. If the **Trainer is a director of a registered training business**, he or she can be covered if the company has taken out a worker's compensation policy, and both personal details and the remuneration of the Trainer have been disclosed to the insurer.
- If the training business is owned by an individual, or is a partnership (therefore, is not a registered company), family members who live with the owner/s of the training business and who are paid to assist with training activities, can also be covered if both their personal details & remuneration have been disclosed to the insurer.

Racing & Betting Act 1983 (as amended)

This Act requires TRNT to effect worker's compensation insurance for **licensed jockeys, track work riders, stable hands and foremen**, whilst any of these individuals are:

- actively engaged in thoroughbred racing and training activities; and
- are doing so on any licensed premises and/or within the associated environs e.g.: environs includes float and car parks attaching to the premises, roadways connecting to stables, the dry riverbed of the Todd River which sits adjacent the Pioneer Park training centre, etc.

In effect, the Act compels TRNT to treat these individuals as their very own "deemed" workers whilst they are working on a licensed premises. Of note, is the Act **does not** extend this "deeming" provision to include licensed Trainers – hence, TRNT cannot expand their policy to cover Trainers, as the legislation does not allow them to do so at this time.

Given the above, Trainers should consider the following:

Firstly, all Trainers have a legal obligation to effect worker's compensation insurance to cover Workers they engage and pay a wage, for activities related to their training business. There will be instances where the TRNT insurance will be the 'host policy' for a Trainer's injured worker. Equally, there will be instances where a **workplace injury will not occur at a licensed premises or within the associated environs**, and therefore, the TRNT insurance will not apply. For example, injury whilst unloading a horse at an agistment property, during a rehoming exercise, or whilst at a veterinary clinic. Similarly, whilst riding the horse for training purposes in bushland or trails, or during beach work anywhere in Darwin. To cover this worker related risk, all Trainers **MUST** effect their own worker's compensation insurance. If Trainers do not already have a policy, please contact NT Worksafe on 1800 250 713 for assistance.

Secondly, if Trainers cannot access personal protection under a worker's compensation policy (refer to **Certain Workers Covered Under Specific Circumstances**), they should examine alternative insurance options. As shown recently, accidents do occur, and the costs of medical care and any associated downtime can be a considerable burden for a Trainer to absorb. Accordingly, Trainers are encouraged to explore Personal Accident & Illness, Trauma and Life insurance, all insurances commonly held by many self-employed individuals across the racing industry, and indeed, in many other vocations outside of racing.

For more information on this subject, please contact the Australian Trainer's Association (03 9372 1688), or visit www.austrainers.com.au to read about the various insurance options under the members information area.

Trainer & Owner Reforms (TOR)

The introduction of the Trainer & Owner Reforms (TOR) has been one of the most significant inclusions to the Australian Rules of Racing in the last decade.

These reforms standardised many aspects of the commercial relationship between Trainer and Owner (as well as between multiple owners of a horse), and provided a pathway to resolve disputes including, most importantly for Trainers, those relating to the non-payment of training fees.

An overview of some of the key elements of the TOR follows:

The Rules of Racing

- The TOR has national application. It was written into the Rules of Racing in 2017, and embraced by each state and territory racing jurisdiction across Australia.

There are 9 specific TOR Rules as follows;

TOR Rule 1 Commencement and operation of the TOR

TOR Rule 2 Powers of PRAs in relation to the TOR

TOR Rule 3 Requirement for trainers to issue a Fees Notice

TOR Rule 4 Circumstances in which the presumption of a training debt arises

TOR Rule 5 Requirements in relation to, and the effect of, a Dispute Notice

TOR Rule 6 Consequences if the presumption of a training debt arises

TOR Rule 7 Further trainer rights (when the presumption of a training debt has not arisen)

TOR Rule 8 Training Disputes Tribunal

TOR Rule 9 Facilitating payment after a TDT decision

Key Documents

• Standard Training Agreement (STA)

The STA governs the relationship between Trainer and Owner, with both bound by same unless they have a separate written arrangement. Under the rules the STA is applicable to all trainers and owners, with limited exceptions only*.

* only Owner/Trainers who train a horse themselves, or an Owner who employs a Trainer exclusively for them under a written agreement, are exempt.

• Fees Notice

A Trainer MUST produce and provide a Fees Notice to the Managing Owner (on behalf of all Owners), within 7 days of appointment. This should set out charges for recurrent services e.g.: daily training fee, race plates, standard veterinary consultation, float charges; etc. It is a guide for Owners, designed to inform them of the range of costs they will incur for many of the common activities and services their thoroughbred will receive under the Trainer's care.

• Co-Owners Agreement

A Co-Owners Agreement, or COA, was introduced as part of the reforms. This agreement sets out obligations and responsibilities of Owners to each other. It also sets out the overarching obligations of the Managing Owner, firstly between his or her co-owner group, and secondly, with the Trainer, with regard to communications and representing the interests of the Ownership group.

Disputes Resolution Process

- A standardised process was introduced for dealing with Trainer and Owner disputes for non payment of training and inter-related fees:

- o A Trainer can lodge an Enforcement Action Application to assist with debt collection

- o An Owner can lodge a Dispute Notice if they dispute part or all of the Trainer's invoice

Disputes documentation must be lodged with Racing Australia, who in turn, will communicate with the parties to the dispute and make them aware that the matter is now on the record. Racing Australia will also refer the matter to the relevant racing authority (for example, in the Northern Territory, this is TRNT), who will take over conduct of the matter.

The process offers mediation for the simple matters, or for those matters that cannot be settled by mediation ie; formal disputes, these will be referred to a Training Disputes Tribunal for determination.

The TOR has been a wonderful addition to the Rules of Racing. It has introduced much needed process and standardisation into an area that had historically been littered with uncertainty, a lack of transparency and indeed for many, resulted in financial distress.

The Australian Trainers' Association is constantly working to improve the TOR for the benefit of its Trainers. As has been the case for many of our rules of racing over the years, they evolve over time, generally from our collective experiences with "live disputes". To that end, we are currently working with Racing Australia, and they in turn with the national PRA network, to tighten several elements of the TOR debt recovery process, to better position trainers in the pursuit of their financial entitlements.

For more information on this subject, please visit the Racing Australia website www.racingaustralia.horse, and click on the 'Trainer and Owners Reforms' handle in the RA banner, located at the top of their Home page.

Members of the ATA can also visit our web-site www.austrainers.com.au, and access the dedicated 'Trainer & Owner Reforms' section by clicking on the handle that sits within the Home page banner, to read relevant reference information, plus download our ATA Advanced Training agreement and a template Fees Notice.

VETERINARY NOTICES

ELECTIVE TESTING OF NON RACEDAY SAMPLES

Trainers are advised that they are now able to have non-raceday samples screened by the Australian Raceday Forensic Laboratory on request for certain long-acting therapeutic substances.

This service has been introduced to assist trainers to determine the suitability for racing of horses under their care that have been treated with these long acting medications.

The special non-raceday drug screens are confined to corticosteroids, anabolic steroids or procaine (arising from the administration of procaine penicillin). To use this service, trainers must first gain approval from the Stewards, who will then supply the appropriate collection kits, seals and documentation.

Samples must be collected in accordance with the Australian Racing Forensic Laboratory collection procedures and must be accompanied by a Testing of Special Non-Raceday Samples application.

Samples will not be tested unless they are packaged and sealed properly and accompanied by the appropriate documentation.

Trainers are warned that the results of any non-raceday testing do not absolve them of their responsibilities in the event of a positive result arising from samples taken at any registered race meeting. Further details in relation to lodging of samples can be obtained from Stewards at Darwin Turf Club or Alice Springs Turf Club.

RACEDAY SWABBING PROCEDURES

Trainers are reminded that it is their responsibility to ensure that they and/or any person who represents them during the swabbing of their horses, are fully aware of the raceday swabbing procedure and that they observe all stages of that procedure.

The Club's veterinary surgeon and/or swabbing attendant will ensure that persons who are unfamiliar with the procedure have it explained to them and also inform them that as the trainer's representative, they should observe all stages of the swabbing procedure.

Trainers are reminded that the onus is on the trainer or his/her representative to observe the procedure.

Part 14 - Traceability Rules

(and consequential amendments to AR 2, AR 30, AR 34, AR 37, AR 38, AR 45, AR 46, AR 48, AR 50, AR 51, AR 52, AR 103, AR 116, AR 253)

Summary:

Racing Australia has approved the introduction of new rules to improve the horse traceability requirements in the Australian Rules of Racing.

The purpose of the new traceability rules is to enhance and broaden the traceability of horses throughout the period of their life during which the racing industry has jurisdiction over them and relevant industry participants. It is envisaged that greater transparency with respect to the status and movement of horses will enable racing authorities to better track horses and, consequently, help ensure more positive equine welfare outcomes.

The new traceability rules are separated into 5 divisions for ease of reference:

- Unnamed horses
- Named horses
- Breeding horses
- Access to property
- Breach of traceability rules

These rules have also resulted in various consequential amendments to the Australian Rules of Racing, which are summarised as follows:

- AR 2 – new, amended and deleted definitions
- AR 30 – deleted – replaced and amended by AR 294
- AR 34 – deleted – replaced and amended by AR 285, AR 286, AR 287 and AR 288
- AR 37 and AR 38 – deleted – replaced and amended by AR 295
- AR 50 – deleted – replaced and amended by AR 289
- AR 51 – deleted – replaced and amended by AR 290 and AR 297
- AR 52 – deleted – replaced and amended by AR 292 and AR 299
- AR 45, AR 46 and AR 48 – amended to include breeding horses
- AR 103(4)-(8) – deleted – replaced and amended by AR 296
- AR 116 and AR 253 – amended to refer to unnamed horses

1. Introduce Part 14 as follows:**PART 14 – TRACEABILITY RULES****Division 1 – Unnamed horses****AR 285 Lodgment of Mare Return (live foals)**

(1) A Mare Return must be lodged with the Australian Stud Book by the manager of a broodmare or his or her authorised agent within 30 days of the broodmare giving birth to a live foal.

(2) A Mare Return lodged under subrule (1) must:

- (a) comply with the requirements set out in the Australian Stud Book Rules;
- (b) disclose the foaling location;
- (c) disclose the location of the broodmare at the date of the lodgment;
- (d) be in the form prescribed by the Australian Stud Book;
- (e) be accompanied by the fee prescribed by the Australian Stud Book (if any); and
- (f) contain any other information the Australian Stud Book considers necessary.

(3) For the purposes of this rule, the “manager” includes the breeder where the broodmare has not yet been registered for breeding in accordance with AR 301.

(4) For the sake of clarity, nothing in this rule affects a person’s Mare Return obligations under the Australian Stud Book Rules, save that lodgment of a Mare Return in accordance with this rule constitutes lodgment of a Mare Return under the Australian Stud Book Rules.

AR 286 Lodgment of Foal Ownership Declaration

(1) A Foal Ownership Declaration must be lodged with Racing Australia by the manager of a foal or his or her authorised agent within 30 days of the foal’s birth.

(2) A Foal Ownership Declaration must:

- (a) disclose the name of each person with a beneficial interest in the foal from its birth to the date of the declaration;
- (b) disclose the location of the foal at the date of the declaration;
- (c) be in the form prescribed by Racing Australia;
- (d) be accompanied by the fee prescribed by Racing Australia (if any); and
- (e) contain any other information Racing Australia considers necessary.

(3) It is a condition precedent to any lodgment under this rule that the manager or his or her authorised agent lodging the Foal Ownership Declaration undertakes to be bound by the Rules and, upon action being taken in compliance with this rule (including by a Syndicate as applicable), the unnamed horse and its owners become subject to, and agree to be bound by, the Rules for the following purposes only as a consequence of, and relating to, the lodgment of the Foal Ownership Declaration:

- (a) the testing of a named horse which has not been retired from racing under AR 297 for the presence of substances that are prohibited at any time by the Rules;
- (b) the testing of an unnamed horse for the presence of anabolic androgenic steroids;

(c) the observation of other horses for health and welfare reasons only where there is concern for their health and welfare based on reasonable grounds; and
(d) the rules that relate to traceability (any rule under this Part 14 and any relevant Local Rules).

(4) Nothing in this rule affects, or releases any person from, any requirement to be bound by the Rules that arises other than by the lodgment of the Foal Ownership Declaration, including but not limited to any requirement to be bound by the Rules that arises as a result of the lodgment of any other form, the making of any other notification, disclosure or declaration, or the operation of any of the Rules.

AR 287 Failure to lodge Mare Return and/or Foal Ownership Declaration

(1) Except where Racing Australia, in its sole and absolute discretion, permits otherwise, an unnamed horse cannot be registered for racing under these Australian Rules unless a Mare Return and a Foal Ownership Declaration have been lodged in accordance with AR 285 and AR 286 respectively.

(2) The discretion in subrule (1) may be exercised by Racing Australia in respect of matters occurring at any time, including prior to the commencement of that subrule.

(3) Where a Mare Return and/or a Foal Ownership Declaration have not been lodged in accordance with AR 285 and AR 286 respectively, an owner of the horse must disclose that fact to any potential buyers prior to any sale of the horse.

AR 288 Unnamed horse transfer of ownership

(1) If an unnamed horse is transferred to a new owner/s, the transfer must be registered with Racing Australia in accordance with this rule.

(2) Between the time specified in AR 286(1) and the time an unnamed horse is first registered for racing in accordance with AR 294, all transfers of ownership of that horse must be lodged with Racing Australia by both the outgoing owners and the incoming owners within 7 days of each transfer taking place. For the sake of clarity, where an unnamed horse has multiple owners, the outgoing owners are only required to sign transfer documents to the extent required of them by the applicable agreement governing the horse ownership venture (e.g. the COA).

(3) If a person breaches subrule (2), a PRA or the Stewards may restrict the relevant horse from being entered for a race, official trial or jump-out for a period not exceeding 1 month from identification of the breach.

(1) This rule applies where:

- (a) a breeding horse is retired from breeding in accordance with AR 307 (for the purposes of this rule, "retired breeding horse"); and
- (b) the person responsible for the retired breeding horse is a participant in racing (as defined in AR 2) or is otherwise licensed or registered under the Rules (for the purposes of this rule, "responsible person").

(2) During the period in which the responsible person is responsible for the care of the retired breeding horse, within 7 days of any of the following occurring that person must notify the Australian Stud Book by lodging the relevant form prescribed by the Australian Stud Book:

- (a) the transfer of the retired breeding horse to any other person;
- (b) the change of the retired breeding horse's location;
- (c) the decision to retire the retired breeding horse from any post-breeding career, including but not limited to equestrian pursuits; or
- (d) the death of the retired breeding horse.

(3) A person is not required to comply with subrule (2) (b) if:

- (a) the retired breeding horse is away from its previously notified location for no more than 30 days and during that period the horse is:
 - (i) located at a veterinary clinic, or under the direct care of a veterinary clinic; or
 - (ii) under the direct care of a qualified veterinary surgeon, for the purpose of obtaining treatment from a qualified veterinary surgeon; or
- (b) the retired breeding horse is away from its previously notified location for no more than 7 days for the purposes of being offered for sale at a physical public auction.

AR 309 Death of breeding horse

(1) Within 48 hours of the death of a breeding horse, the manager or his or her authorised agent must notify the Australian Stud Book of that fact (and, if applicable, the loss of its foal in utero) by lodging the relevant form prescribed by the Australian Stud Book.

Date of effect for following rule amendments 1 May 2021

(2) A person must not dispose of the deceased horse without the written approval of the Australian Stud Book or the relevant PRA unless a veterinary certificate as to cause of death is provided to the Australian Stud Book or the relevant PRA.

(3) Any person who fails to comply with subrule (1) is not guilty of a breach of that subrule if he or she proves to the satisfaction of the Stewards that he or she was not aware, and could not reasonably have been aware, of the death of the horse.

AR 310 Status update for breeding horse

(1) Within 7 days of a breeding horse not having been the subject of any activity with the Australian Stud Book, Racing Australia or a PRA in a period of 12 consecutive months, the manager or his or her authorised agent must notify the Australian Stud Book of the following matters by lodging the relevant form:

- (a) the current status of the horse;
- (b) the location of the horse; and
- (c) any other matters in respect of which a form should have been lodged or a notification should have been made under any rule in this Part 14 in the 12 month period.

(2) Prior to the horse reaching the 12 month period of inactivity referred to in subrule (1), the Australian Stud Book will notify the manager or his or her authorised agent of the upcoming notification requirement.

(3) For the purposes of this rule, "activity" includes but is not limited to the lodgment or notification of a Mare Return, Stallion Return, Declaration of Service, transfer of ownership, change of location, retirement from breeding, or death.

(4) For the purposes of this rule, the "manager" includes the breeder or the stallion proprietor where the horse has not yet been registered for breeding in accordance with AR 301.

AR 311 Application of the Rules to owners of breeding horses

(1) It is a condition precedent to any lodgment or notification under AR 285 or any of AR 301 to AR 310 inclusive that the manager or his or her authorised agent lodging the relevant document or making the relevant notification undertakes to be bound by the Rules and, upon action being taken in compliance with any of those rules (including by a Syndicate as applicable), the breeding horse and its owners become subject to, and agree to be bound by, the Rules for the following purposes only as a consequence of, and relating to, the lodgment of the relevant document or the making of the relevant notification:

(a) the observation of other horses for health and welfare reasons only where there is concern for their health and welfare based on reasonable grounds; and

(b) the rules that relate to traceability (any rule under this Part 14 and any relevant Local Rules).

(2) Nothing in this rule affects, or releases any person from, any requirement to be bound by the Rules that arises other than by the lodgment or notification under AR 285 or any of AR 301 to AR 310 inclusive, including but not limited to any requirement to be bound by the Rules that arises as a result of the lodgment of any other form, the making of any other notification, disclosure or declaration, or the operation of any of the Rules.

Division 4 – Access to property

AR 312 Stewards' access to property on welfare grounds

(1) Without limiting any other rules or powers under these Australian Rules, the Stewards may enter the property of a person in possession of a horse:

- (b) which has been registered for racing under AR 294;
- (c) which has been registered for breeding under AR 301; or
- (d) which has been retired into the care of an industry participant under AR 291, AR 298 or AR 308, for the purposes of observing and/or assessing the health and welfare of the horse where there is concern for its health and welfare based on reasonable grounds.

(2) Stewards who enter a property under subrule (1) may bring with them persons or items they consider necessary to assist in observing and/or assessing the health and welfare of the relevant horse.

Division 5 – Breach of traceability rules

AR 313 Breach of traceability rules

(1) Without limiting any other rules or powers under these Australian Rules, if a person breaches any rule in this Part 14 the person may be penalised by a PRA or the Stewards.

(2) If a person provides any false or misleading information in respect of any form lodged or notification made under any rule in this Part 14, the person may be penalised by a PRA or the Stewards.

Date of effect for following rule amendments 1 May 2021

(3) Without limiting any other rules in this Part 14, if a person fails to lodge any document or provide any notification in accordance with any rule in this Part 14, Racing Australia, the Australian Stud Book, a PRA and/or the Stewards may:

- (a) restrict that person or any relevant horse from participating in the thoroughbred racing and breeding industry; and/or
- (b) restrict the payment (including payments under bonus schemes) or awarding of any prize to that person, until the relevant form has been properly lodged or the relevant notification has been properly made.

Note: *By way of example, Racing Australia may refuse to register a horse, or a PRA may refuse to accept a nomination for a horse, which is owned by a person who has failed to lodge a retirement notification form in respect of another horse owned by that person in accordance with AR 297.*

(4) Without limiting any other rules in this Part 14, if a person fails to lodge any document or provide any notification in accordance with AR 302, AR 303 or AR 304, the Australian Stud Book may refuse to accept any future Mare Return, Stallion Return or Declaration of Service (as applicable) from the relevant person or in respect of the relevant horse.

NOTICES

It has come to the attention of TRNT Stewards that there have been instances at recent race meetings whereby trainers have been using plastic bottles and assorted types of containers to rinse water through a horse's mouth in the race day stalls prior to racing or applying a tongue tie. From a perception perspective this practise is not permitted and is also a breach of AR251(1) which states:

- (1) A person must not, without the written permission of the Stewards, have in his or her possession:**
- on a racecourse where a race meeting is being conducted; or**
 - in any motor vehicle, horse float or other mode of transport used for the purpose of transporting a horse/s to and/or from a race meeting, any prohibited substance, or a syringe, needle, naso-gastric tube or other instrument that could be used:**
 - to administer a prohibited substance to a horse; or**
 - to produce a prohibited substance in a horse.**

TRNT Stewards place all NT trainers and visiting trainers on notice that this practice is not permitted and the only approved method to wash out a horse's mouth prior to competing in a race is with the use of running water from a hose.
TRNT Chairman of Stewards, Date of Effect 5th June, 2018

SUGGESTED PRACTICE WHEN PURCHASING TRIED HORSES FROM INTERSTATE

When buying tried horses from interstate, it is recommended that owners/trainers should ensure that they are fully aware of their purchase's NT rating BEFORE the purchase is finalized:

- Contact the Integrity Department to request an NT rating for the horse in question. Allow yourself ample time in which to receive a response.
- The Integrity Department will then make this request of the handicapper on your behalf.
- The handicapper will respond with an NT rating in writing, which will be passed onto the owner/trainer who has requested it.
PLEASE DO NOT contact the handicapper directly.
- As a general guide for owners/trainers wishing to purchase a horse from interstate, the handicapper has advised the following:
 - When obtaining a horse from Victoria or South Australia, the NT rating will be similar to its current rating (within 2-3 points);
 - When obtaining a horse from country Queensland, be aware that the rating in the NT will be slightly lower than the southern State ratings;
 - When obtaining a horse from country New South Wales, ignore the rating completely. Country NSW ratings work off a different scale and horses require re-rating when coming to the Territory;
 - Metropolitan and Provincial New South Wales ratings will receive similar treatment to those in Victoria and South Australia.
- This general guide is not intended to be a substitute for the enquiry at 1 above, which is the only satisfactory way of checking a particular horse's NT rating.
- Thoroughbred Racing NT will not accept any responsibility if incorrect ratings information is obtained from the handicapper whether through this process or by other means.

Please see page 2 for NT Integrity Department contacts.

BENCHMARK RACES

AVERAGE BENCHMARK

Average Benchmark Races (ABR) are races where the benchmark level is set after nominations are taken.

HOW ABR RACES WORK

- Entries are taken as per normal.
- The average rating of those horses entered is then calculated (see conditions).
- The average rating then becomes the benchmark for that race.
- The Benchmark (rating) for the race is then allocated 58kg's and all other horses are weighted up or down according to the template.

Conditions

- To ensure that the Benchmark is not skewed either by a particularly high or low rated horse the top and bottom rated 10% of horses entered, or in cases where there are less than ten entries the highest and lowest rated horses are discounted for the purpose of calculating the average. The remaining horses ratings are then averaged to create the benchmark for that race.
- Any horse which runs in the first three in an ABR and is rated below the 55.0kg minimum will automatically be rerated up to the 55.0kg of that race.
- If the stewards believe that any horse/s may have been nominated in an endeavor to affect the Benchmark in an ABR race they may instruct the handicapper to discount its rating in the calculation of the Benchmark for that race. Stewards will scrutinize the nominations and exclude any horses from the calculation of the average benchmark if they believe that such horse/s sits outside the norm for that race. All horses which are used for the average calculation will be identified on the weights.

Sliding scale for average benchmark races

Amended Benchmark 54 races — November 1, 2020

54 rated horses to carry the equivalent of 59kg. Each rating point above 54 will incur a penalty of 0.5kg, i.e. a 60 rater (6pts above 54) will receive 62kg. Similarly, each horse's rating below 54 will reduce the weight carried by 0.5kg down to a minimum of 55kg.

Trainers will be permitted to enter horses rated above 54 but no horse with a rating above 60 will be eligible.

RATINGS - BANDED RACES AND BUSINESS RULES

- All horses intending to run in a Ratings banded race in the Northern Territory must have a rating formalized by the official handicapping panel assigned to the Northern Territory (TRSA Handicapping Panel) prior to nomination closing time.
- Only ratings issued by the TRSA handicapping panel for the Northern Territory will be recognized.
- Horses domiciled in the Northern Territory competing in other states will need to be re-rated on return to the Northern Territory. It cannot be assumed the interstate ratings will be directly correlated to the Northern Territory template rating or other templates.
- Horses will be eligible to nominate for races which have a rating qualification, if at the time of nomination they qualify in the specified Rating Band. Horses eligible at nomination time shall be permitted to compete regardless of any subsequent rating by virtue of re-handicap in that race even if that rating exceeds or drops below the top or bottom rating band in that race.
- Horses shall receive a handicap in a race according to their rating at close of Nomination time in line with the NT RBH template. Provided that any horse racing between the time of close of nominations and declaration of weight time may be re-rated by the handicapper in accordance with performances in this period.
- Fillies and Mares allowed a 2.0kg sex allowance. 2 & 3yo's allowed an allowance the same as the **maiden scale**.
- Set weight maiden scale is as follows:

August-November

4yo and up geldings and entires - 59.0kg;
 4yo and up mares - 57.0kg;
 3yo colts and geldings - 56.5kg;
 3yo fillies - 54.5kg.

December-March

4yo and up geldings and entires - 59.0kg;
 4yo and up mares - 57.0kg;
 3yo colts and geldings - 57.5kg;
 3yo fillies - 55.5kg;
 2yo colts and geldings - 56.5kg;
 2yo fillies - 54.5kg.

April-July

4yo and up geldings and entires - 59.0kg;
 4yo and up mares - 57.0kg;
 3yo colts and geldings - 58.5kg;
 3yo fillies - 56.5kg;
 2yo colts and geldings - 57.5kg;
 2yo fillies - 55.5kg.

- All races are subject to AR167 and any rules that pertain to minimum and maximum weights, (notwithstanding re handicapped horses, see point 4).
- A horse running in a higher class event, than which they are eligible, may not automatically decrease in rating for an unplaced performance.

10. A horse running in a higher class event than which they are eligible and winning will be rated from the minimum weight, not their pre-race rating.

11. An open class horse will be eligible to run in a 0-58 or BM 54 Rating race. (effective 1.11.20)

12. Should a horse win by six lengths or more, it is liable for an additional rating point over and above the penalty scale guide at 13. (below)

13. The Handicapper will use as a guide the following penalty scale:

FIELD SIZE	1ST	2ND	3RD
6 horses or less	+1.5kg	level	-0.5kg
7 horses or more	+2.0kg	+0.5kg	level

14. Any horse racing at the top of a Ratings Band (0-58, 0-62, 0-64, 0-66, 0-70, 0-76) for which it is eligible and runs a place will not be re-rated to push it out of that Band, however, if a horse is running in a higher Band and runs a place it may be re-rated out of a Band depending on performance.

15. A maiden horse which wins a maiden race in the NT will be rated as follows: a winner of a maiden race - 56; the winner of a 0-58 or Benchmark 54 or Class 2 - between 56 and 58; any other race at the discretion of the Handicapper but to be no less than 56. Provided that should any horse have a rating of 56 or above immediately prior to its first race win, the rating for winning such race will be at the discretion of the Handicapper.

16. All maiden horses shall receive an interim rating by the handicapper to allocate a weight and to establish a ballot order.

17. All unraced horses nominated for their first start will receive a rating of 54.

18. Apprentices will be permitted to claim in maiden races.

19. Winning horses will generally receive a maximum of eight (8) points for winning out of their grade. Mares and 3yos may go up additional points due to sex and age allowances. This will only apply to races with total stakemoney less than \$30,000, and will not apply to horses winning their first race.

NEW SAND / DIRT TRACK RATINGS SCALE

The following sand/dirt track ratings come into effect on 1st March 2015.

RATINGS -	DESCRIPTION FOR RATING

3YO BENCHMARKS

As you are aware, the TRNT Board approved a change to the 3yo class 5 and 6 races, and opens, early in 2021. These races are now Benchmark affairs which will streamline the handicapping process and give trainers far more certainty on the weights to be carried by 3yos going forward.

The templates will be as follows:

3yo BM64 (old 3yo class 5)		3yo BM66 (old 3yo class 6)		3yo BM68 (old 3yo open hcps)

NB: Should no horse reach the Benchmark, the 59.0kg topweight rule will apply.

The ballot order for the Guineas (x2) and Derby will now be carried out on a **ratings basis rather than by utilising stakemoney levels** – the only time that stakemoney will be taken into account is when two or more horses have the same rating.

Where stakemoney is taken into account, it will be for horses earning first, second, third, fourth and fifth stakemoney only (as per local rules).

AMENDED LOCAL RULES

Local Rule changes required as a consequence of 3yo race alterations

Amended rules are to read as follows:

NT39 All Handicap Races:

The field for all Handicap races will appear on the official weight sheet with a rating allotted at the discretion of the Handicapper. After the declaration of weights, the rating may be adjusted for a horse which has won a race(s) between the declaration of weights and the time for final acceptances. In the event a ballot is required to eliminate acceptors in order to achieve the field limit prescribed, horses shall be balloted in the following order:

- Horses with the lowest rating shall be eliminated first.
- Where two or more horses have the same rating, the older horse shall be eliminated before the younger horse.
- Where two or more horses have the same rating and are of the same age, the horse which has earned the least amount of prizemoney on the flat shall be eliminated first.
- Where two or more horses have the same rating, are of the same age, and have earned the same amount of prizemoney on the flat, a ballot shall be conducted by lot.
- Any breeders', vendors' or other Bonuses and unplaced runner subsidies will not be taken into account when applying balloting conditions.

For the purpose of this Rule, prizemoney shall not include prizemoney earned in any race in which a horse has not been placed first, second, third, fourth or fifth.

NT40 All Set Weight Races including weight-for-age races:

The field for all Set Weight races will appear on the official weight sheet with a rating allotted at the discretion of the Handicapper. In the event a ballot is required to eliminate acceptors in order to achieve the field limit prescribed, horses shall be balloted in the following order:

- Horses with the lowest rating shall be eliminated first.
- Where two or more horses have the same rating, the older horse shall be eliminated before the younger horse.
- Where two or more horses have the same rating and are of the same age, the horse which has earned the least amount of prizemoney on the flat shall be eliminated first.
- Where two or more horses have the same rating, are of the same age, and have earned the same amount of prizemoney on the flat, a ballot shall be conducted by lot.
- Any breeders', vendors' or other Bonuses and unplaced runner subsidies will not be taken into account when applying balloting conditions.

For the purpose of this Rule, prizemoney shall not include prizemoney earned in any race in which a horse has not been placed first, second, third, fourth or fifth.

NT41 The balloting conditions for set weight maidens will be as follows:

To be balloted in the following order:

First Out – Raced horses which have not won prizemoney in their last four starts on the flat. The horse with the greatest number of consecutive runs since winning prizemoney must be eliminated first according to age, oldest first and in the case of horses of the same age elimination must be by lot

Second Out – Raced horses which have received the lowest aggregate prizemoney within their last four starts on the flat. Horses which have equal aggregate prizemoney must be eliminated by lot

Third Out – Unraced horses which will be eliminated by lot

Any breeders', vendors' or other Bonuses and unplaced runner subsidies will not be taken into account when applying balloting conditions.

For the purpose of this Rule, prizemoney shall not include prizemoney earned in any race in which a horse has not been placed first, second, third, fourth or fifth.

NT42 Notwithstanding any of the foregoing conditions, the Committee of the Club may formulate special balloting conditions for any specified race or races or may, in its absolute discretion, eliminate any horse or horses from a race and/or exclude any horse or horses from the operation of any or all of the preceding elimination conditions.
